TFI Family Services, Inc. to Present Workshop at National CWLA Conference

Statewide, Kansas, January 14, 2010 – Board members and staff of TFI Family Services, Inc. operate their agency according to six guiding principles that reveal their commitment to the continuous improvement of the quality of their services. It is one of their guiding principles to share information about the results of their efforts, and the Child Welfare League of America (CWLA) National Conference provides an ideal setting for TFI Family Services, Inc. to educate organizations in order to benefit children and families not only in Kansas but across the nation.

The CWLA is holding its National Conference, “Children 2010 – Leading a New Era!” January 24-27, 2010 in Washington DC. TFI Family Services, Inc. is honored to present a workshop at the conference, where highly esteemed experts in the field join forces to provide informative and innovative presentations. Michael Patrick, Chief Operations Officer of TFI Family Services, Inc. will collaborate with Terry Moore, Research Assistant at the University of Kansas’ School of Social Welfare, to present their workshop, “Creating Data-Smart Organizations.” Their presentation will detail how organizations can use data to improve outcomes, meet performance expectations, and enhance learning. Speaking from both conceptual and practical perspectives, they will instruct their audience how to implement strategic efforts within the context of the hectic reality of program operations.

As the nation's oldest and largest organization devoted to the well-being of America's vulnerable children, CWLA is proud to celebrate 90 years of service to children. The conference provides opportunities for agencies to learn about child welfare trends nationally and abroad, as well as be educated on the best practice approaches, applied research, and advocacy efforts.

ABOUT TFI Family Services, Inc. –TFI Family Services, Inc. a private, nonprofit organization that is dedicated to doing what makes sense for children and families through a diverse range of behavioral healthcare and child welfare services.
